November 7th, 2012 A Day Which May Live In Infamy Sharp n' Blunt By Desi Cortez BC Columnist

Have some folks tell it, this may be my finale "transmission," my last time to *go tell it on the mountain* . . . before the 2012 Presidential election, my last opportunity to disseminate both a sharp n' blunt message to the ebony Lilliputians across the land, for as most of us must recognize, this is the "election of our lives" - not the 2008 landmark victory, but rather this time and our ability to keep the man in office for a second term, following two 2-term Presidents, George W, and that Blue eyed soul blowin' saxophonist W. Clinton.

November 7th, 2012, a day which may live in infamy . . .

This election will prove if the "Left" can "hold-the-line" against the "Reagan Revolutionaries" who yearn to return the land, its people, its way-of-life to "yesteryear," America - circa 1952, when a red, white n' blue style of apartheid was the formal-form of government.

It's interesting, my Black friends "into" politics are, at this late-date, wondering-aloud if Obama will be reelected. They're today wondering "how strong" the White-Backlash is? And because so-very few "monitor" the opposition/enemy, they have no-clue how 'unhinged' the "Right" had become until the last couple-of-months.

They're desire is to hear only cheerleaders on the "Left" tote n' tout the Democratic company-line . . . despite the airwaves and cyberspace politically/racially polarized, a-bound with the idea "all blacks are voting for Obama merely, solely because he is Black," and we'll riot if Obama loses . . . while, of-course half-mad with contempt and

animosity White guys are backing Romney because of his political/economical positions . . .

Lest we dismiss the possibility of the already enraged rank n' file rednecks, encouraged by aristocrats like Donald Trump. Rush and the rest to "rally in defense" of "their country" - to fabricate, manufacture and coordinate a revolt, a coup' against . . . Blacks, Latinos one way or another we need to be put-back in our proper assigned places..

No matter what the outcome of the election, I believe, seriously believe - Black folks ought leave.

Back to Africa, the US Virgin Isles, anywhere in Central & South America, or perhaps the South Pacific, Canada or Northern Europe

I don't see the core WASP base population ever accepting Blacks to-be as human as they are. "Diversity," 'Inclusion," 'Equality" and liberty'. . . will never be achieved without a bloodbath of epic Hollywood Cecil B. DeMille proportions.

Let's fess-up; Wall St. long abandoned the US worker, while 'White Flight" remains in full-swing, feeding the reckless, careless, greed-driven suburban sprawl . . . *The Negroes are coming! The Negroes are coming!* The nation is already racially segregated, and that's the way White folks want to keep it. Separate n' unequal in all meaningful aspects.

Ponder this; the White South Africans - clearly, unquestionably imperialistic colonist, yet they'd no problem barbarically oppressing 90% of the indigenous population. In noting that country's history . . . you don't calculate there's an element of Euro-Americans, the Republican TEA Party who can't wait for the opportunity to "take back" their White House, their Americana culture and alas the country . . . from 15% of the overall population?

If you think that deadly scenario is far-fetched . . . then my friend . . . you are a fool, and a goddamn fool at that.

Look, as we all very-well know the government cannot legislate nor mandate integration nor demand we all sing together in harmony, "This little light of mine, I'm gonna let it shine . . . !"

Once more, at the risk of being redundant, there's a large-slice of White America not desiring to mix n' mingle with Blacks . . . or Latinos, or Asians, or Native Americans, or Africans, or Arabs

The \$64'000 question If Obama loses . . . will Black people Riot?

The \$6.4 000'000'000 question . . . If Romney loses . . . will White people go mad? Revert-back to their neanderthal 1920's behavior; please see the *Tulsa Race riot* or *Rosewood Florida* . . . incidents where White folks treated the less than 10% of the US population, Black people, the way they really wanted to. The way they treated us from 1609 until circa 1865.

See my history challenged compadres, there's only a slight window in US history in-which White folks have had to, let-us-say *refrain* from beating, degrading, pimping, exploiting and murdering Black people . . . at will, on a blankin' whine for whatever motive they've at-the-moment, because after-all, Black people aren't really, fully human. Note, that time-frame is right-now. Otherwise this is "standard Operational Procedure" for White folks, to impose their will, by *any means necessary*.

And that's the *Archie Bunker* perspective I hear from "the Right," where it seems loud n' clear MLK and LBJ didn't legislate equality, morality and brotherhood, by any meaningful stretch of anyone's imagination.

Black people, and for that matter all Americans-of-color and the White trash/Nigger lovers who find themselves members of Romney n' Rush Limbaugh's lowly 47% - we Peasants . . . there's no misunderstanding the words coming out of the top-tier's mouths . . . we're all expendable.

I ask, ought anyone be surprised these "Real Americans," these self-anointed "capital P "Patriots" show no real remorse for 'how" their Empire was constructed, the land/resources stolen from the majestic Red man. Nor does there appear to be any "hesitation" in dragging illegal aliens (Mexican grandmothers and little girls) out of their homes and onto Greyhounds bound for the Southern border, just as there's a movement to limit the enrollment of Asians in prestigious colleges and Graduate schools, and as well all know Black folks ought just "be happy" our Black behinds were made slaves and then, dig this, permitted-to-stay and become 4th class citizens . . . since we should be in deepest, darkest Africa, chasing our breakfast, our dinner chasing us

Most of White America has Romenisia ...

My concluding conclusion, as Black folks - we can't force White people to like, luv or respect us, individually or collectively and since they're the "entrenched establishment," and have proven their anger and propensity for violence . . . Blacks should pack-it-in and begin a deliberate, calculated exodus to a number of global spots - give angry

White folks honestly, at the end of the day what they deeply desire
. . . a lily-White America.

There's little else to lay on ya' baby - the last 4 years have proven to me, solidified the fact for me - "most," i.e., the vast, overwhelming majority of White people will never accept Blacks as 'equal." and their willingness to commit "genocide" is a given-fact, so why should we ignorantly place our children, grandchildren in harm's way?

Call me nuts, but who's be shocked if there armed Drones monitoring neighborhoods across America . . . promed n' poised for . . . Police, poised to become an occupying para-military force in cities across the country. As I've said repeatedly rural/suburban gun n' ammo sales are thru Sam Waltons roof . . .!

I now understand WEB DuBois, Josephine Baker and Paul Robeson - their decision to exit, stage Left.

I'll see you on the 7:15 to Peru . . .
