## **Obama Wins; The Sky Done Fell Sharp n' Blunt By Desi Cortez BC Columnist**

I underestimated a few things in this election: the sheer numbers of Latinos and their voter clout...the quiet resilience of Afro-Americans...and the sheer numbers of good, decent, enlightened White folks across this nation. I had no idea!

However, I didn't underestimate the hatred of men like Donald Trump.

Tuesday night, 5:45pm, cable news networks and cyberspace were all abuzz with the headline "Black Panthers at the Philly polls"...in a, dig this, "official Capacity," Bobby Seale and Angela Davis, you gotta' love it... while on the other-hand, without question or contention...Jim Crow tactics were utilized by "Confederate" state Governors to suppress Black Voters with multiple forms of voter suppression at work in several states below the *Mason Dixon Line*... and above it.

By 9:50pm, "The Donald," was calling for "revolution...."

*This election is a total sham and a travesty. We are not a democracy!*

-Donald J. Trump (@realDonaldTrump)

*More votes equals a loss...revolution!*

-Donald J. Trump (@realDonaldTrump)

*Lets fight like hell and stop this great and disgusting injustice!  
The world is laughing at us.*

-Donald J. Trump (@realDonaldTrump)

*We can't let this happen. We should march on Washington and stop this travesty. Our nation is totally divided!*

-Donald J. Trump (@realDonaldTrump)

*He lost the popular vote by a lot and won the election. We should have a revolution in this country!*

-Donald J. Trump (@realDonaldTrump)

Trump is hoping to rekindle the Civil War! If someone on the Left published those words, would he accuse them of treason? Guilty of advocating a "revolution?" Disloyal to the country?

If you're a Black, Latino, Asian, any American-Of-Color, or a blue collar worker, a woman...you're little more than a useful idiot if you spend a night in any of Trump's properties, and only a desperate B-Movie use-to-be-somebody would go on this man's NBC show "The Apprentice." After all, Trump's advocating armed revolt, the Party of Angry White folks rising up against...everybody else.

Can this nation heal? Do TEA Party card-carriers even desire to mix' n' mingle with us, the rift-raft?

Can a divided house stand...?

It's only grade school logic - Conservative White folks are going to have to start having a lot more sex if they plan to be politically relevant ever again.

What's also obvious: President Obama's re-election won't create nor legislate brotherhood. Apparently about 65% of White America will be more determined than ever to fight integration, diversity, racial and gender equality. Of the GOP members, who General Colin Powell's former Chief of Staff, Lawrence Wilkerson "broke-it-down" on MCNBC: *My party, unfortunately, is the bastion of those people - not all of them, but most of them - who are still basing their positions on race. Let me just be candid: My party is full of racists, and the real reason a considerable portion of my party wants President Obama out of the White House has nothing to do with the content of his character, nothing to do with his competence as commander-in-chief and president, and everything to do with the color of his skin, and that's despicable.*

Well tan my hide and call me Rastus, they're serving ice water in hell. You know what they call this man behind closed doors, just what they call Joe Biden, *a Niggerlover*. But who's really shocked by that?

I'd argue the *Reagan Revolution* has run its course. Its direct proponents and benefactors are befuddled as this nation is moving into the "Rednecks Last Stand" era, where the White establishment will resort to... only God knows what to "save their country..."

Why don't we carve out a couple of "White Homelands" so that the separatists can separate and live in a snow-white world...South Carolina and Texas will be threatening to leave the union by Thanksgiving...why not let them, encourage it and not fight it?

Ponder this; If we release the Rednecks, we release the racists...alas we release the pressure.

Idaho, Wyoming, Mississippi, South Carolina and Texas, set these states aside, offer free college tuition, health bennies and let them figure out how to say no taxes.

Until then, there are two terms we'll hear a million time over in the next 4 years: *Rejectionism* and *obstructionism*, because make no mistake about it, America is at war, with itself.
